DREAMS OF DRESS.

In not a few cases the gloves and shoes this season match the costume. The norfolk style of costume will be in high vogue all summer for yachting, cycling, traveling and tennis wear.

Crossed corsages and many pretty fichu effects appear upon some of the dainty and most poetic creations of French genius. Gloves this summer will more frequently match the gown than they have done of late, the white and tan colors being less of a universal livery.

dainty colorings are worn with stylish aft-ernoon toilets of mohair, plain peau de sole, fancy silk or etamine. The linen duck, holland, Russian crash

and plque suits are very natty and stylish this year, but they share honors with the handsome grass linen toilets.

Among the dainty French novelties of the season are sabran vest fronts of bead wrought or spangled mousseline de soie, chiffon and cream white net.

Lace wrist ruffles partly veiling the hand are in great favor. This soft beautiful gar-niture falling over a delicate white hand enhances its charm and is also so accom-modating that it tends to conceal the immodating that it tends to conceal the imperfection of a hand that is too large or florid or exhibits other defects.

DRS. STARKEY & PALEN'S Treatment by Inhalation 1529 ARCH ST., PHILADELPHIA, PA.

For Consumption, Asthma, Bronchitis, Dyspep-sia, Catarrh, Hay Fever, Headache, Dehility, Rheumatism, Neuralgia, and all Chronic and Nevous Disorders. Recumann, Neurogad, and an Carone and Nervous Disorders.

The original and only genuine Compound Oxygen Treatment, that of Drs. Starkey & Palen, is a scientific adjustment of the elements of Oxygen and Nitrogen magnetized; and the compound is so condensed and made portable that it is sent all over the world.

It has been in use for more than twenty-fire years; thousands of patients have been treated, and over one thousand physicians have used it, and recommend it—very significant facts. It does not act as most drugs do, by creating another aliment, and benefiting one organ at the expense of another, often requiring a second course to eradicate the evil effects of the first, but Compound Oxygen is a revitalizer, renewing, strengthening, invigorating the whole body.

These statements are confirmed by numerous testimonials, published in our book of 200 pages, only with the express permission of the patients; their names and addresses are given, and you can refer to them for further information.

Buttestisubstance made claewhere or by others, to called Compound Oxygen—Its Mode of Action and Results," is the title of a new book of 200 pages, published by Drs. Starkey & Palen, which gives to all inquirers full information as to this remarkable curative agent, and a record of surprising cures in a wide grange of chronic cases—many of them after being abandoned to die by other physicians. Will be mailed free to any address on application.
